Requisition for Frank Ertle. Governor Durbin yesterday honored requisition from Ohio for the return of fire to his house for the purpose of defrauding insurance companies. He started the fire in the upper portion of the dwelling, and so fierce were the flames that his wife and baby had difficulty in making their escape. The crime was committed in 1899 and Ertle has been at large ever since until recently arrested at Muncie. He will be returned to Massillon for trial.

It is a pleasure to every citizen of In-Clana to know that the Indianapolis Fire Insurance Company, organized at home, with paid up cash capital and surplus amounting to \$226,148.64, is transacting successful business, and has been able to establish itself on a solid foundation with every prospect of continued prosperity. has on his house a sign, "Notary Public." There is also a sign, "Plain Sewing." Young Gaughan and some playmates started out to distribute valentines by shoving them under the doors, ringing the bell and running. After visiting a number of houses they went to Weaver's, and just as they were leaving Weaver entered the gate. The boys became frightened at his gruff demand to know what they were doing, and, pushing past him, ran across the street. Weaver told them to stop and at the same time pulled a revolver from his pocket and fired. He said he shot toward the ground, but the bullet struck young Gaughan, who was about one hundred feet

Bicycle Policemen Streit and Losh, who were sent to verify the report of the shooting made to headquarters, arrested Weaver. Weaver said he shot because the boys would not stop, and he and his wife had been made miserable by their annoying practices. He thought they had been stealing, he said

THE CLUB AGAINST IT.

Commercial Club Wants St. Clair Park Left Intact.

The committee appointed by President Spann, of the Commercial Club, to consider the bill providing for the sale of the St. Clair Park property met yesterday afternoon and went in a body to the Statehouse to present to the Governor the resolutions which were adopted by the directors and to personally express to him the sentiment of the club concerning the purchase. The committee consisted of Hilton U. Brown, chairman, Charles E. Coffin, H. H. Hanna, A. L. Mason and William J. Richards. The resolutions were as follows:

"Whereas, The directors of the Commer-cial Club hear with concern that meas-ures are pending in the Indiana General Assembly looking to the sale or division of part or all of the public ground known as the St. Clair square and the Institute for the Blind grounds, and

"Whereas, It is proposed to set apart a portion of this ground for a site for a Governor's residence, therefore "Resolved, That we, as representatives of the members of this club, hereby express the opinion that such sale, partition or change of purpose in the use of these grounds would be a serious mistake that could never be rectified. As citizens of the State, we appeal to the members of the General Assembly not to permit an act that would forever deprive the State's capital city of a fair plat of ground now dedicated to a noble purpose and which incidentally permits of artistic and healthgiving results to the city.

"As citizens of the capital, we urge the members of the Assembly from Marion county to use their constant efforts to prevent the removal of the Blind Institute from the site in question, and to labor to preserve intact the open ground surrounding the institute. We also invite the attention of the Governor to the fact that to construct a Governor's mansion in St. Clair Park would be at the expense of one of the few public breathing places in the heart of the capital city, and that such a course would cause lasting regret on the part of all the citizens of Indianapolis and of large numbers

"Resolved, That the president of the board be directed to appoint a committee of five from the membership of the club to wait without delay on the two houses of the Assembly and the Governor of he State to urge these views and to connue their efforts, if necessary, so long as the Legislature is in session. "Resolved, also, That the secretary be directed to send copies of this resolution to the Marion county representatives and senators, and, if deemed advisable, to call a public meeting of citizens of Indianapolis

Charles West, charged with living in the immoral resort. was included, with four women, in "the others." The cases were appealed and onds for all were furnished by Carl A. Frederic, a collector for the Indianapolis Brewing Company.

"Babe" Charles, 25 West Pearl street, and "Pap" Fuller, 111 East Court street, were each fined \$10 and costs for keeping gamtling houses. Seven men from Charles's place and six from Fuller's were each fined \$5 and costs on charges of gambling. Seven men arrested at Charles's place were not tried, the cases being dismissed for the reason that it appeared they were in a room other than that in which the games were in operation, and prosecutor Collins thought a conviction could not be made. During the trial of the gamblers the prosecutor asked a patrolman who was a witness regarding the "paraphernalia" The counsel, upon being advised that the witness did not understand what was meant, started in to have a little fun, but it was cut short by the ready answer of the witness to the question: "Those dice were all the paraphernalia found there?" 'Yes," said the witness, "all except those there," pointing to the men charged with gambling. Judge Daly laughed at the apt and unusually appropriate reply.

The Sun's New Plant.

The Sun Publishing Company, which since the fire in its plant at Nos. 123 and 125 East Ohio street, about two weeks ago, has had use of the Journal offices and mechanical equipment, will erect a new threestory building on the old site. The work of tearing down the old building will begin Monday and work will be pushed so that occupancy may be had by June 1. The plans, prepared by John H. Stem, are for a fireproof building with all modern convoniences for the work of newspaper publishing. Expert machinists are now here overhauling the linotype machines and presses which were damaged by the fire.

Painting in the Courthouse. The County Commissioners have prepared the schedule for painting part of the interior of the courthouse. The rooms to be painted are four in the auditor's office, four in the recorder's office, two in the clerk's office, Judge Allen's private room, the grand jury room, six rooms in the basement, including the mayor's office, controller's office, street department, the engineer's office, the Board of Health office and a part of the corridor. Besides this several other rooms will be repainted.

A Heavy Mail Handled. Postmaster McGinnis said that amount of mail handled yesterday was unusually large for St. Valentine's day. The carriers began to feel the effect of the trafic the day before, and were loaded with heavy deliveries throughout the day. One of the employes remarked that people were taking advantage of the chance to get even with their enemies for 1 cent.

One Boy Shoots Another.

A schoolboys' quarrel between Malley Hayes, a newsboy, and Thornton Booker, a thirteen-year-old colored lad, resulted yesterday in a shooting affray at Meridian and Ray streets. Hayes shot three times at Booker, inflicting one bullet wound in the hip. Hayes lives at 1011 South Illinois street. The wound was not dangerous.

John Martin's Death.

John Martin, forty-eight years of age employed at the Indianapolis Saddlery Comrany on South Meridian street, dropped dead yesterday morning while at work. PRESIDENT POWER HERE

He Predicts a Stormy Time for the American League.

President Charles B. Power, of the Amercan Association, arrived in the city yes terday to confer with Mr. Watkins, of the Indianapolis club. Some of the business of the association that was looked after b Watkins, prior to the selection of Mr Power as the permanent president, was dis cussed, and leases were turned over Power. Then the two gentlemen discusse baseball. President Power has just re turned from a trip over the Eastern circuit and says he found the American Association in good condition and everything harmenious in the organization, while he picked up many funny stories concerning the American League. He said the Boston capitalists who are booked to back the American League club in that city have backed out of the agreement, and Johnson and Somers are now in that city with a search warrant looking for men who have money to throw away on an American League club in Boston. President Power says Connie Mack has a stormy time in Philadelphia, and Manning is already wrecked in Washington, as he has been unable to secure grounds in the Brooklyn, however, it is said, and the circuit of the American League will have to be changed again. McGraw in Baltimore is sending out many stories concerning his easy sailing, but they are greatly exag-D. M. Sechler Carriage Company, Daniel gerated and only the work of a good press agent. Power and Watkins talked about the cost of establishing the American League in the East, and they are at a loss to bring themselves to a realization that the league will really invade the East. With Manning out of Washington there is more trouble on hands for the American President Power says he has received nearly fifty applications from men who desire to umpire in the association this season, and he receives many letters daily from players who say they want to sign centracts for association clubs. He said the association clubs will not experience the

least trouble in securing good talent. President Power will likely make a trip over the Western circuit before returning to Pittsburg.

Wrestling Match To-Night.

The Murbarger-Snyder wrestling match will take place to-night at the Empire Theater. A message was received from Dayton last night saying that Snyder will be here this morning. In addition to the wrestling match there will be some vaudeville turns and two glove contests. Walter Evans and Tom Stewart will furnish coon songs and ragtime music, and will thus enliven things between the bouts of the wrestling match. Masters Will Goza and Eddie Williams will also contribute to this end by singing popular songs. An interesting feature of the preliminary part of the show will be a competition in buck and wing dancing between Jesse Clark and Professor Fox. A prize cake walk and a battle royal are also on the programme The wrestling match will be for a \$200 ide bet and the receipts of the house. Murbarger will have the better of Snyder in weight. He will weigh about 165 pounds, while Snyder is under 160. It will be catchas-catch-can style, two falls out of three. There being no regular performance at the theater to-night the athletic entertainment will begin at 8 o'clock. There is a belief expressed in this city that the Jeffries-Ruhlin fight will take place at Covington, Ky., to-night or at some convenient point just out of Judge

A man giving the name of Paul Lang, San Francisco, but who is known to have teen a Chicago thief, was arrested and credited with the "job," and it is thought that he sent word to pals to return the plunder, thinking no doubt the act would be taken into account in passing judgment. Lang gave Haley and Splan who made the arrest, a long chase and was stopped only after several shots had been fired at him and he had dropped many pieces of jewelry taken from other houses along the course taken.

WON BY CLOSE MARGINS

CITYS LOST FIRST GAME, BUT WON LAST TWO FROM MERCHANTS.

Monitors Succeeded in Taking but One Game from the Maroons-High Scores by Blue Labels.

The City team met the Merchants last night and the latter led them a merry chase. The Merchants won the first game and then kept so near the Citys that the latter only succeeded in taking the last two games by very narrow margins. The Maroons lost the first game to the Monitors, but succeeded in winning the last two by good margins. The Rinks won two of the three from the Criterions. The Blue Labels rolled two scores above 900 and won from the Columbias. The latter, however, took the second game. The individual scores were as follows:
